Dear Dr. Prescott,

I hereby offer you permission to utilize i.e. to reprint, republish or make reference to any & all of my published articles concerning the role of the cerebellum in behavior.

This includes my studies with the isolation raised monkeys that you provided for me - and the subsequent procedures we developed for treating intractably ill patients.

I also give you permission to have my monograph entitled "~~Book~~ Exploring Mind-Brain Relationships" published & placed on the internet at

a later date (to be determined*) if you
still consider it to be of scientific
value.

Sincerely,

Robert G. Heath, M.D.
